Round Sequence

REFERENCE

1. Select one phase secretly.
2. Reveal selected phases.
3. Resolve selected phases in order.
4. Manage Empire: spend Credits to recharge.

No Roll Dice step. No Assign Dice step.
No Cup or Citizenry.

Spend Pips

REFERENCE

- Blue: Explore worker.
- Brown: Develop worker.
- Red: Settle worker.
- Green: Produce worker.
- Purple: Ship worker.
- White: any selected phase.

Gain Dice

REFERENCE

When a tile says to gain a die, pip up that color.

1. Increase max by 1, max 6.
2. Increase current by 1, not above max.
3. Excess beyond 6 is lost.

Green 0/2 + Genes die = Green 1/3.

Credits

REFERENCE

- Credits do not recruit dice.
- Spend 1 Credit to recharge 1 current pip.
- Never recharge above max.
- If Credits are 0 after Manage Empire, set to 1.

Produce / Ship

REFERENCE

- Produce: place a Good marker, not a worker die.
- The Good color is the pip color spent.
- Ship: spend Purple or White to Trade or Consume.
- White Goods count as matching.

Alien Yellow

REFERENCE

- Yellow starts 0/0.
- Gain Alien Technology die: pip up Yellow.
- Yellow pays only for Alien Develop, Settle, Produce, or Ship work.
- Alternative: Yellow as extra Ship capacity.
